GALA JOURNAL OF APPLIED SCIENCES

Technical Guidance (A.5)

2. Graphical Abstract Guidelines

(Applicable to Original Research and Review Articles where visual summaries are submitted)

Purpose & Specifications

A Graphical Abstract provides a concise, visual summary of the main findings of the paper, allowing readers to quickly identify the core message.

- **Dimensions:** Image aspect ratio should be approximately **2:1** (recommended minimum dimensions: 1200×600 pixels).
- **File Format:** Submitted as a separate file in TIFF, PNG, or JPEG format.
- **Visual Clarity:** Keep visual clutter to a minimum. Use bold, clear graphics and limit textual descriptions to key labels, processes, or core results.
- **Originality:** Must be an original visual creation that does not violate third-party copyrights.
