Publication Policies (A.4)

5. Artificial Intelligence (AI) Policy

To maintain transparent and ethical scientific publishing regarding AI technology:

- **No Authorship:** Generative AI tools (such as ChatGPT, Gemini, or LLMs) **cannot** be listed as authors or co-authors on any manuscript.
- **Mandatory Disclosure:** Authors using AI for image generation, statistical scripting, language editing, or data collection must explicitly declare the tool name, version, and application in the Methods or Acknowledgments section.
